Benefits

- Proven packaging system
- Cost reduction

Dental prostheses

Application range
Medical technology

The method

- The special stretch mechanism fixes the product tightly to the corrugated cardboard.
- This avoids any slipping of the product.
- The covering box is adherent.
- The highly flexible, practically tear-free stretch film adapts precisely to the contours of your product.
- This method reduces your stock volume by up to 90%.

Main Features

- Packed in 10 seconds
- No extra transport box necessary
- Quick fastening avoids box gluing
- Optional self-adhesive lock
- High-quality printing possible.
- Re-usable
- Environmentally friendly through easy disposal of the used packaging
- Professional appearance
- Economies of scale through standardised production
