

Encoder

Application range
Measurement and control technology

Features

- Perfectly fitted packaging system for a wide range of encoder
- One-piece packaging

Advantages

- Protected transport of high quality parts
- Enhanced packaging speed
- Standardization of stock diversity
- Reduced stock volume

Benefits

- Proven packaging system
- Cost reduction
- Increased stock capacity

Encoder

Application range
Measurement and control technology

The method

- The special stretch mechanism fixes the product tightly to the corrugated cardboard.
- This avoids any slipping of the product.
- The covering box is adherent.
- The highly flexible, practically tear-free stretch film adapts precisely to the contours of your product.
- This technique reduces your stock volume by up to 90%.

Main Features

- Packed in 10 seconds
- No extra transport box necessary
- Quick fastening avoids box gluing
- Possibility of optional self-adhesive lock
- High-quality printing possible.
- Can be fitted with a hollow base or extra side pocket for accessories
- Reduction of process costs e.g. procurement, storage, shipment
- Re-usable
- Environmentally friendly through easy disposal of the used packaging
- Professional appearance
- Economies of scale through standardized production

Tried and tested packaging solutions:

Distribution goods, max. Item number

120 x 90 x 50 mm	FL120905S
140 x 90 x 50 mm	FL140905Q
etc.	

We are happy to provide you with the optimal solution, customized to your packaging needs.
