

Endoscope

Application range
Surgical instruments

Features

- Perfectly fitted packaging system for a wide range of surgical instruments

Advantages

- Protected transport of high quality instruments
- Enhanced packaging speed
- Standardization of stock diversity
- Reduced stock volume
- Professional appearance
- Less dust, clean packaging

Benefits

- Proven packaging system
- Cost reduction
- Increased stock capacity

Endoscope

Application range
Surgical instruments

The method

- The special stretch mechanism fixes the product tightly to the corrugated cardboard.
- This avoids any slipping of the product.
- The highly flexible, practically tear-free stretch film adapts precisely to the contours of your product.
- This method reduces your stock volume by up to 90%.

Main Features

- Maximum protection for a variety of different products and contours
- Enhanced packet conformity by up to 90 %
- Reduction of process costs e.g. procurement, storage, shipment
- Environmentally friendly through easy disposal of the used packaging
- Professional appearance
- Economies of scale through standardized production

We are happy to provide you with the optimal solution, customized to your packaging needs.
