

Head lamps

Application range
Automotive

Features

- Perfectly fitted packaging system for a wide range of head lamps and rear lights

Advantages

- Protected transport of shock-sensitive lighting products
- Ideal for the spare parts trade
- Enhanced packaging speed
- Standardisation of stock diversity
- Reduced stock volume

Benefits

- Proven packaging system
- Cost reduction
- Increased stock capacity

Head lamps

Application range
Automotive

The method

- The special stretch mechanism fixes the product tightly to the corrugated cardboard.
- This avoids any slipping of the product.
- The highly flexible, practically tear-free stretch film adapts precisely to the contours of your product.
- This method reduces your stock volume by up to 90%.

Main Features

- Maximum protection for a variety of different products and contours
- Package conformity improved by up to 90%
- Reduction of process costs e.g. procurement, storage, shipment
- Environmentally friendly through easy disposal of the used packaging
- Economies of scale through standardised production

Tried and tested packaging solutions:

Distribution goods, max.	Item number
500 x 320 x 150 mm	FL503215S
