Declaration of conformity

REACH SVHC

Regulation (EG) Nr. 1907/2006

We refer to the current REACH SVHC candidate list.

This declaration applies to all our products.

We, the undersigned, confirm that our products do NOT contain any substances from the current SVHC candidate list in concentrations exceeding 0.1% by weight.

Optionally, we confirm that we will monitor further legislation and future updates to the SVHC candidate list. For all existing and new products and their packaging, we will inform our customer's purchasing department of any changes within 4 weeks, specifying the SVHC substance concerned.

As Emba-Protec GmbH & Co. KG acts exclusively as a “downstream user,” there is no registration requirement under the REACH Regulation.
Our suppliers are required to inform us immediately if they use any relevant substances from the candidate list.

Boris Frankowski
Geschäftsführer
